Section 5 Summary	169
Section 6: Deployment Checklist	169
Chapter 5 Action Points	171
<b>Case Study: Royal Canadian Mounted Police</b>	173
<b>Chapter 6: Making Strategy Development a Continual Process</b>	187
Executive Summary	187
Section 1: Transforming Strategy From an Event into a Living Process	188
Section 2: Strategic Learning	189
Making Strategy Development a Continually Evolving Process	189
Management Meetings	189
<i>St Mary's/Duluth Health Clinic Case Report</i>	190
How Companies Learn From Their Scorecard Programmes	190
Better Focused Meetings	191
Section 2 Summary	192
Section 3: The Role of Technology	192
The Benefits of Automation	193
A scorecard on every desktop	193
<i>Texas Education Agency Case Report</i>	195
When to automate	196
The alternative to dedicated software solutions	197
The cost of automation	197
Software Product Certification	198
Choosing Software	199
Section 3 Summary	201
Section 4: Linking Strategy to the Budgeting Process	201
Case Examples	202

Funding Strategic Initiatives	203
Devolved Responsibility	204
Abandoning the Budget	205
Rolling Forecasts	205
<i>Borealis Case Report</i>	206
Section 4 Summary	206
Conclusion	207
Chapter 6 Action Points	207
<b>Case Study: Bank Universal</b>	209
<b>Chapter 7: How to Maintain the Momentum of the Scorecard Programme</b>	219
Executive Summary	219
Retaining a Focus on Strategy	220
Section 1: Maintaining Momentum with a Scorecard Programme	220
Success and Failure	220
Section 1 Summary	221
Section 2: Scorecard Survival Factors	222
Mergers and Acquisitions	222
A Change of CEO	222
Non-executive Boards	224
Section 2 Summary	225
Section 3: 20 Questions Every Organization Must Answer	225
1. What kind of balanced scorecard do we want to develop?	225
2. For what purpose are we going to use the scorecard?	226
3. What is the business case for using the scorecard?	227
4. How will senior management awareness be raised and buy-in achieved?	227
5. How will we ensure that the scorecard is managed as an on-going programme?	228
6. Should we use management consultants to support the scorecard programme?	228
7. Should the senior team collectively own the scorecard?	229
8. How long should be allocated to creating the first strategy map and balanced scorecard?	230
9. How many objectives and measures should we include on the strategy map and scorecard?	230
10. How will we develop meaningful measures?	231
11. What kind of performance measurement culture do we have now and what kind of culture do we want?	231
12. To what level will a strategy map and balanced scorecard be deployed?	232
13. Should we pilot the scorecard prior to full rollout?	233
14. What are the change management implications of scorecard rollout?	233
15. Should the appraisal system and incentive-compensation be aligned to scorecard results?	234
16. How will internal communications support the scorecard programme?	235
17. How will we ensure that strategic learning becomes a key output of scorecard usage?	235
18. How should we use technology to support the scorecard effort?	235
19. Should we integrate strategy with the budgeting process?	236
20. How long will it take to become strategy-focused using the scorecard?	237

Section 4: The Future of the Scorecard	237
Accounting Scandals	237
<b>Case Study: Banking 365</b>	239
<b>Appendix 1 Scorecard Readiness Self-Assessment</b>	249
<b>Appendix 2 Scorecard Software Vendors</b>	251
<b>Appendix 3 Scorecard Consultants</b>	255
<b>Index</b>	259
